It's a new year 2018.....and we are all here and hopefully with a new bright attitude and future. I wish all of you only the best of life for 2018!!!!

It has been cold in New Jersey....well unseasonably cold temps in the single digits for the past few weeks and I'm looking forward to it warming up to the 30's(f) in the next week or so!!!!

But even with the extreme cold I still seem to find some cool stuff and well have been searching the catacombs for some forgotten items and getting them back into the light of day.... Do I have too much stuff? well that begs the question is there ever enough stuff?????

In a few short weeks I'll be jetting out to California to the NAMM show and I hope to soak up some sunshine, good weather and west coast cuisine (read IN N OUT BURGER) a well needed break in the action!

I will get you the latest information on Ovation guitars and whatever other goodies I may find out there. You never know what may catch my eye that I just have to share with the rest of you. Sure I've been doing this a long time and may get a little jaded,

but rest assure if it is something that catches my eye...you NEED to take notice!

Just a reminder...Namm with the new products always bring new price lists and ....well for the last 30 years that I have been doing this prices never seen to go down. If you need a custom order or are waiting to pull the trigger on a stock guitar now is the time!

Ovation is now taking custom orders  
If you want your dream guitar priced out.
