March in like a lion...out like a Moose?  
or something like that.

I know I vowed to be on time but this past month has been a little rough. Health issues in the family has kept me busy and away from my daily chores. Catching up and putting out fires is the norm for most days...but soon I'll get back into a rhythm and things will be back to ....well....abnormal as usual!!!

Today Ovation introduced three new models and they hold the March spotlight

Ovation is now taking custom orders  
If you want your dream guitar priced out.

## American Artist Glen Campbell 2018 Edition

Like a Rhinestone Cowboy.

As part of L.A.'s famous Wrecking Crew, Glen Campbell was an accomplished guitarist and studio musician long before his Country Music stardom. Not only was he one of Ovation's first endorsers, he was a longtime collaborator and friend of Ovation founder Charlie Kaman. The 2018 Edition of Glen's signature instrument honors his legacy by recreating the look, feel and sound of a 1970's Ovation built to his specs.

- Abalone signature inlaid in Ebony fretboard
- Simple, Modern-Vintage style Vol/Tone
