August 2019

How can it be August already???????

We took a trip to Martha's Vineyard for a week and had a great time. We met some wonderful people, ate some great food and spent a couple of days site seeing and on the beach. There was a shark sighting and beach closure the day we were traveling home.

I would love to go back in the off season when it isn't so crazy but I am glad that I finally got this place off my list of places I need to visit!!!!

So the latest on Ovation is that the new smaller shop is open and they will produce Adamas and wood top guitars and are open to taking custom orders !!!

send me your specs and I will get you a price!!!

This is great news!!!

here is the current Admas price

Well I am going to go fishing at least one day before this summer is over!! I need some surf and sand to recharge my batteries.

Just a note that we lost one of the local greats this past month. Ernie Trionfo was not only a great guitarist, an expert luthier but an absolutely delightful human. I will miss him along with the rest of the local musicians. Google his name on youtube and check out some of his videos. He will surely be missed.

I AM the Ovation/Adamas guitar specialist!
Thousands of NOS parts available
Thank you for your continued support over the years.
You know how to get in touch with me!!!

Thanks
Al
